UNIVERSITY   ADMIT   ELIGIBILITY PREDICTOR

Team ID   : PNT2022TMID32931

Project Name   : UNIVERSITY ADMIT ELIGIBILITYPREDICTOR

OBJECTIVE:

College admission predictor is a helpful to many students.The students not only filling the form but the students give anidea about their future college by calculating their cut off.

When the students come from rural places, they find it hardto go along with the formal procedures. So, this application helps them a lot and cases out their fear.

Whatever maybe their scores, this application helps to find the best colleges. Hence, our proposed computer aided systemwill be help the students to get the list of all colleges in which they   could get the admission at the click of a button.

The students only have to enter their marks of GRE, TOFEL, UNIVERSITY RANK, etc. With this application the students can every easily obtain the list of colleges even branch wise and course wise. This will not make the admission

process easy but also minimizes stress for students. The mainobjective of our system is to make the right choice of colleges.
